Synod of the Genuine Orthodox Church of Greece - 1985

To the heretical ecumenistic encyclical of 1920, this statutory charter of the schismato-heresy of new calendarism and ecumenism, together with those who wrote it, and those who accept it, and those who proceed according to its commands: Anathema!
To the Masonic and ecumenistic Congress of Constantinople of 1923, whereby the introduction of the accursed innovation of the new Papal Calendar into Orthodoxy was decided for the common concelebration of the feasts with the heretics, marking her commencement in the heresy of ecumenism or the so-called Pan-Christian unity: Anathema!

To the resolution of the fifth hierarchy, whereby Chrysostom Papadopoulos decided upon the introduction of new calendarism, as the first step of enforcing the obscure schemes of Freemasonry and ecumenism: Anathema!

To the resolution in March of 1924, of the outrageous fighter against Orthodoxy, Chrysostom Papadopoulos, whereby he forcefully imposed the innovation and schismato-heresy of new calendarism and ecumenism: Anathema!

To those who outrageously fought against Orthodoxy: Meletius Metaxakis, Chrysostom Papadopoulos, Basil II, Athenagoras, and all who are of like mind as them, who likewise intentionally served, and continue to serve, the God-hated work of ecumenism until this very day: Anathema!
